

Simple, secure, and scalable cloud video security

Arcules feature list

Simple, secure, and scalable cloud video security

Arcules feature list

Overview

	Cloud Gateway	Edge Gateway	Camera to Cloud
Licensing	One-year or three-year service terms	One-year or three-year service terms	One-year or three-year service terms
Centralized Management	√	√	√
Storage	Cloud	Gateway	Camera SD card (with option for cloud storage)
Storage – Long Term	√	–	Cloud upload channels only
Video retention options	Options for 7, 14, 30, 60, 90 & 365 days	Unrestricted	Unrestricted
Remote Device Access	√	√	√
Gateways per location	Unrestricted	Unrestricted	–
Channels per gateway	Varies by model	Varies by model	–
Channels per organization	Unrestricted	Unrestricted	Unrestricted
Application users	Unrestricted	Unrestricted	Unrestricted
Customer support	• Phone, email or in-app chat • Online knowledge base & documentation • Technical support via Milestone channel partner	• Phone, email or in-app chat • Online knowledge base & documentation • Technical support via Milestone channel partner	• Phone, email or in-app chat • Online knowledge base & documentation • Technical support via Milestone channel partner

Camera and gateway features

	Cloud Gateway	Edge Gateway	Camera to Cloud
Connection to Arcules Service	Connect gateway by MAC address	Connect gateway by MAC address	Connect camera by MAC address
Single camera installation	√	√	√
Bulk camera installation (CSV file)	√	√	-

Network Address Management	DHCP or Static IP	DHCP or Static IP	DHCP or Static IP
Camera support	20,000+ ONVIF models	20,000+ ONVIF models	Select Axis and i-PRO Models
Automatic software updates	√	√	√
Remote diagnostics	Ping, trace route, ARP scan, speed test, gateway/ camera status	Ping, trace route, ARP scan, speed test, gateway/ camera status	Ping, trace route, ARP scan, speed test, camera status

Applications

	Cloud Gateway	Edge Gateway	Camera to Cloud
Web (Chrome recommended for best user experience)	√	√	√
iOS	√	√	√
Android	√	√	√

User management

	Cloud Gateway	Edge Gateway	Camera to Cloud
Role-based user permissions	√	√	√
SAML2 Integration	√	√	√
SSO with 3rd party Identity Management	√	√	√
Audit logging of user actions	√	√	√
Manage user groups	√	√	√
Add, edit, delete users and user groups	√	√	√
User management by groups	√	√	√
Grant access to sites and locations	√	√	√
Unified Video User Management	√	√	√

Dashboard

	Cloud Gateway	Edge Gateway	Camera to Cloud
Flexible viewing grid layout	√	√	√
Create and manage personal dashboards	√	√	√
Maximum dashboard count	Unrestricted	Unrestricted	Unrestricted
Dashboard widget customization	Add, remove, arrange	Add, remove, arrange	Add, remove, arrange

At-a-Glance Health Status widget	√	√	√
Notifications widget	√	√	√
People Count widget	Cloud & device analytics (select manufacturers*)	Device analytics (select manufacturers*)	Axis C2C cameras only
Heat Map widget	Cloud & device analytics (select manufacturers*)	Device analytics (select manufacturers*)	Axis C2C cameras only
Parked Vehicle Count widget	Cloud & device analytics (select manufacturers*)	Device analytics (select manufacturers*)	Axis C2C cameras only
Occupancy Status widget	Device analytics (Axis & Bosch only)	Device analytics (Axis & Bosch only)	
Line Crossing Count	√	–	–
I/O Module widget	√	√	–

*People & vehicle available with on-camera analytics using Axis & Hanwha ONVIF Profile M devices

Video

	Cloud Gateway	Edge Gateway	Camera to Cloud
Live/Recording video stream	√	√	√
Separate livestream	–	–	√
Viewing modes live, recorded	Live, recorded	Live, recorded	Live, recorded
Synchronized video playback and export	√	√	√
Navigation timeline information – Single Camera Playback	Recording, motion, people, vehicle	Recording, motion*	Recording, people vehicle
Navigation timeline information – synchronized playback	Recording, motion	Recording, motion*	Recording, Motion
Private and shared camera views add, remove, arrange, resize	√	√	√
Video sharing export file or share URL	√	√	√
Forensic Search	Motion, people, vehicle	Motion*	People, vehicle
Custom recording schedules	√	√	–
Supported codecs	H.264, Zipstream	H.264, Zipstream	H.264, Zipstream
Scheduled cloud upload	√	–	–
Local live camera viewing	√	√	√
PTZ (pan/tilt/zoom/preset) control	√	√	–
Local playback viewing	√	√	√
Location and floor plan device view	√	√	√
Automatic camera grid views	√	√	√
Camera count per view	Up to 25	Up to 25	Up to 25
View Playlist	√	√	√

*People & vehicle available with on-camera analytics using Axis & Hanwha ONVIF Profile M devices

Video analytics & AI Insights

	Cloud Gateway	Edge Gateway	Camera to Cloud
Analytics Engine	Cloud, Gateway	Gateway	Axis Object Analytics or i-PRO on-camera detection analytics
Cloud Analytics on any camera	√	-	-
Motion Detection	√	√	√
People Detection with custom regions	√	–*	√
Vehicle Detection with custom regions	√	–*	√
Detection Heat Maps	√	–*	√
People Counting/Occupancy Status	√	–*	–
Parked Vehicle Count	√	–*	–
Platform-based natural language search (video, device status, configuration, activity-based)	√	–*	√

*People & vehicle available with on-camera analytics using Axis & Hanwha ONVIF Profile M devices.

Video analytics – camera

	Cloud Gateway	Edge Gateway	Camera to Cloud
Axis	Object Detection (People & Vehicle) Motion Guard Loitering Guard Line Crossing Intelligent Motion	Object Detection (People & Vehicle) Motion Guard Loitering Guard Line Crossing Intelligent Motion	Objection Detection (People & Vehicle) * Motion Detection*
Bosch	People counter Occupancy	People counter Occupancy	–
Hanwha	Object Detection (People & Vehicle)	Object Detection (People & Vehicle)	–
I-PRO	Line crossing Direction Intruder Loitering Object left behind Scene change	Line crossing Direction Intruder Loitering Object left behind Scene change	Objection Detection (People & Vehicle) * Motion Detection*

*Using Axis Object Analytics or i-PRO on-camera detection analytics

Audio*

	Cloud Gateway	Edge Gateway	Camera to Cloud
Live streaming and recorded playback of audio	√	√	–

Listen from a network device microphone	√	√	–
Speak out to a network device speaker	√	√	–
Audio recording and schedule management	√	√	–

*Supported for ONVIF audio devices

Forensic search

	Cloud Gateway	Edge Gateway	Camera to Cloud
People search	√	–*	√
Vehicle search	√	–*	√
People garment and vehicle color filtering	√	–	Cloud upload channels only
Forensic Video Natural Language Search (video-based)	√	Cloud upload channels only	Cloud upload channels only

*People & vehicle available with on-camera analytics using Axis & Hanwha ONVIF Profile M devices.

Alarm management

	Cloud Gateway	Edge Gateway	Camera to Cloud
Description with instructions and user assignment	√	√	√
Alarm time profiles	√	√	√
View triggered alarms	√	√	√
Mobile alarm review	√	√	√
Maximum related cameras in preview	4	4	4
Alarm logging	√	√	√
Alarm priority levels	3 (low, normal, critical)	3 (low, normal, critical)	3 (low, normal, critical)
Alarm type	Motion, analytics, device health, I/O modules, etc.	Motion, analytics, device health, I/O modules, etc.	Analytics, device health

Case management

	Cloud Gateway	Edge Gateway	Camera to Cloud
Lock case to specific users	√	√	√
Multi-camera video evidence collection	√	√	√
Video evidence exporting (MP4)	√	√	√
Case audit logging	√	√	√
View and manage cases/evidence	√	√	√
Maximum cloud case archiving	Unrestricted	Unrestricted	Unrestricted

Sharing with Internal team AND external collaborators	√	√	√

Events and notifications

	Cloud Gateway	Edge Gateway	Camera to Cloud
Event-based Rules Engine	√	√	√
Video analytics (cloud/on camera) based notifications	√	√	√
Motion event-based notifications	√	√	–
Health notifications	√	√	√
I/O sensor notifications	√	√	–
Notification types	Email, SMS, push notifications	Email, SMS, push notifications	Email, SMS, push notifications
Notification priority levels	3 (low, normal, critical)	3 (low, normal, critical)	3 (low, normal, critical)

Mobile application

	Cloud Gateway	Edge Gateway	Camera to Cloud
Native apps for iOS and Android	√	√	√
Monitor live video	√	√	√
Scroll through timeline recordings	√	√	√
Navigation timeline information – single camera playback	Recording, motion, people, vehicle	Recording, motion*	Recording, people vehicle
Access recently viewed cameras	√	√	√
View cameras by site and location	√	√	√
Access personal and shared camera views	√	√	√
Receive push notifications for important events	√	√	√
Push notifications with thumbnail preview	√	√	√
View alarm events from any push, SMS or email notification	√	√	√
Video playback automatically in portrait or landscape views	√	√	√
Monitor live & recorded 2-way audio.	√	√	–

*People & vehicle available with on-camera analytics using Axis & Hanwha ONVIF Profile M devices

Information security

	Cloud Gateway	Edge Gateway	Camera to Cloud

Gateway/Camera to Cloud communication encryption (HTTPS)	√	√	√
In-transit encryption type	TLS 1.2 or greater	TLS 1.2 or greater	TLS 1.2 or greater
Encryption of video data at rest	√	–	√
Encryption of Arcules service and account data	√	√	√
Routine penetration testing	√	√	√
Privacy regulation compliance	GDPR	GDPR	GDPR

Integrations

	Cloud Gateway	Edge Gateway	Camera to Cloud
Access Control – Genea	√	√	√
Access Control – Keep by Feenics	√	√	√
Access Control – IMRON UnityIS	√	√	√
IOT – HALO Smart Sensor	√	√	-
IOT –Triton Smart Sensors	External System	External System	External System
IOT – Adam Network I/O relay modules	√	√	-
Central Monitoring – IMMIX Central Station, Guard Force	√	√	√
On–Premise VMS – Milestone XProtect Connector (Corporate, Expert, Professional+)	√	√	√
