Specification Sheet

Husky XA 20T

July 21. 2025

1. Feature Overview

Husky XA 20T is a member of Milestone Husky portfolio optimized for BriefCam software. Husky XA 20T is a tower-based unit designed to be running as an Analytics Server. Recommended usage scenario is to analyze 20 channels of 1080p cameras (medium activity) in real time.

The unit's performance in various scenarios have been analyzed and optimized and can be used as in other scenarios suggested by Milestone calculators, design charts, lookup tables and package finder toolsets.

1.1 Key Features

- Desktop tower form factor – ideal for locations with limited space or no rack
- Two variants: Windows variant optimized for BriefCam OX5 and Linux variant optimized for BriefCam OX6 analytics engine
- Fully tested and optimized for BriefCam software compatibility
- Windows variant can be used in either All-In-One Solution or Dedicated Analytics Server Solution. Linux variant can be used only in Dedicated Analytics Server Solution.

1.2 Recommended Usage

- Up to 20 channels of real time 1080p (medium-activity) analytics
- As recommended by Milestone calculators, design charts, lookup tables and package finder toolsets.

SKUs

- HXA20T-8TB-G1WS: Windows Variant
- HXA20T-0TB-G1LX: Linux Variant

2. Hardware Information

- **Form Factor**
  - Desktop tower form factor
- **CPU**
  - Intel Core i9-12900
- **GPU**
  - 1 x Nvidia RTX 4000 Ada
- **RAM**
  - 128 GB on Windows Variant
  - 64 GB on Linux Variant
- **Operating system (OS)**
  - Windows 11 IoT Enterprise LTSC on Windows Variant
  - Ubuntu Linux 22.04 on Linux Variant
- **Boot Drive Storage**
  - 512 GB
- **Number of hard drives**
  - 1 x 3,5" 8TB HDD on Windows Variant
  - No HDD on Linux Variant
- **Display ports**
  - 3 x DisplayPort™ 1.4a, 1 x VGA (For installation use, not for live viewing purposes)
  - 4 x DisplayPort™ 1.4a on NVIDIA RTX 4000 Ada (GPU is for AI analytics only, ports should not be used)
- **Network interface**
  - 1 x 2,5 GbE (RJ45) + 1 x 1 GbE (RJ45)
- **Credential and key encription**
  - Trusted Platform Module (TPM 2.0)
- **Redundant power supply**
  - No
- **Remote management**
  - No

2.1 General Information

- **Hardware warranty**
  - 5 years full system warranty (incl. HDD) Onsite support next business day[1]
- **Dimensions**
  - 169.0 x 300.8 x 367.0 (mm)
  - 6.65" x 11.84" x 14.45"
- **Weight**
  - 7,2 kg (min)
  - 15,87 lb (min)
- **Power input**
  - 90 VAC–264 VAC (47 Hz-63 Hz)
- **Power supply**
  - Single, 500W
- **BTU rating**
  - 1706 BTU/h (max. theoretical)

2.2 Environmental

This unit is intended for stationary server room and office use, according to the conditions stated below.

- **Operating temperature**
  - 5º – 45º C
  - 41º – 113º F
- **Storage temperature**
  - -40º – 70º C
  - -40º – 158º F
- **Humidity**
  - 20 – 80% relative humidity (non-condensing)

2.3 Regulatory

- **Regulatory Model and Type**
  - Model D31M Type D31M001

[1] Onsite intervention dispatched following Milestone's support processes – hardware Service Tag information accuracy required. Subject to regional availability, dependent on Dell Technologies support network. Dell Technologies onsite support service will be given on a best effort basis conditioned upon the location of the Husky unit. Onsite support services like NBD or 4HR are being counted from the moment Dell Technologies' troubleshooting is finalized and conditioned upon the hour and the day of the week the troubleshooting finishes.

Milestone reserves the right to correct errors and typos in these data sheets. For the latest version of this document, always check our website

Previous revisions from the available stock may still be delivered during transition phases to refreshed revisions.

About Milestone Systems

Milestone Systems is a leading provider of data-driven video technology software in and beyond security that helps the world see how to ensure safety, protect assets, and increase business efficiency. Milestone enables an open platform community that drives collaboration and innovation in the development and use of network video technology, with reliable and scalable solutions that are proven in more than 500,000 customer sites worldwide. Founded in 1998, Milestone is a stand-alone company in the Canon Group.
