

Ubiquiti airMAX PowerBeam 5AC Gen2

Part Number / SKU: PBE-5AC-Gen2 • High-Performance 5 GHz airMAX ac Bridge with Dedicated Wi-Fi Management

Key System Highlights:

- High-gain 25 dBi dish antenna delivering up to 25+ km link range
- 450+ Mbps real TCP/IP throughput using airMAX ac TDMA protocol
- InnerFeed technology integrates the radio into the antenna feedhorn for zero cable loss
- Dedicated 2.4 GHz management Wi-Fi radio for fast setup via UNMS / UISP Mobile App
- Enhanced ESD protection and heavy-duty pole mounting hardware included

RF SPECIFICATIONS

Frequency Band	5150 to 5875 MHz (Worldwide 5 GHz)
Throughput	450+ Mbps Real TCP/IP
Antenna Gain	25 dBi dish reflector
Maximum Range	25+ km (15+ miles) Point-to-Point
Channel Width	10 / 20 / 30 / 40 / 50 / 60 / 80 MHz

HARDWARE & POWER

Interface	1x 10/100/1000Base-T RJ-45
Power Input	24V, 0.5A Gigabit Passive PoE (Injector Included)
Power Consumption	8.5W maximum
Dimensions / Weight	Dia. 420 x 275 mm (16.5 x 10.8 in) / 2.2 kg (4.9 lbs)
Wind Survivability	200 km/h (125 mph); Wind Loading: 342.5 N @ 200 km/h

RECOMMENDED ACCESSORIES, MOUNTS & LICENSES

Category	Manufacturer SKU	Description	Est. MSRP
Surge Protector	ETH-SP-G2	Ubiquiti Ethernet Surge Protector Gen2	\$19.00
Radome Shield	PBE-RAD-400	Ubiquiti 400mm Protective Radome Shield	\$39.00
PoE Injector	POE-24-12W-G	Ubiquiti 24VDC 12W Gigabit Passive PoE Injector	\$15.00
