|------------|------------------|-------------|--------------------|

\*35W of PoE power with the included 60W adapter, or up to 185W with the optional 210W adapter.

Overview

|                    |                                             |
|--------------------|---------------------------------------------|
| Dimensions         | 212.9 x 113 x 32.5 mm<br>(8.4 x 4.4 x 1.3") |
| WiFi Standard      | WiFi 7                                      |
| Spatial Streams    | 4                                           |
| Mounting Locations | Desktop, wall                               |
| Power Method       | DC jack (54V DC/1.1A)                       |

^ Performance

|                            |                                                                                                                                                    |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| MIMO                       |                                                                                                                                                    |
| 6 GHz                      | 2 x 2                                                                                                                                              |
| 5 GHz                      | 2 x 2                                                                                                                                              |
| Max. Data Rate             |                                                                                                                                                    |
| 6 GHz                      | 5.8 Gbps (BW320)                                                                                                                                   |
| 5 GHz                      | 4.3 Gbps (BW240)                                                                                                                                   |
| Antenna Gain               |                                                                                                                                                    |
| 6 GHz                      | 8 dBi                                                                                                                                              |
| 5 GHz                      | 8 dBi                                                                                                                                              |
| Max. TX Power              |                                                                                                                                                    |
| 6 GHz                      | 23 dBm                                                                                                                                             |
| 5 GHz                      | 26 dBm                                                                                                                                             |
