^ Overview

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| Available Lengths     | 0.5, 1, 3, 5, 10, 15, 30 m<br>(1.6, 3.3, 9.8, 16.4, 32.8, 49.2, 98.4 ft) |
| Pack Options          | Single Unit<br>50-Pack (0.5/1/3 m)                                       |
| Connector             | (2) Duplex LC UPC                                                        |
| Operating Environment | Indoor                                                                   |
| Cable                 |                                                                          |
| Fiber Mode            | OM4                                                                      |
| Jacket Diameter       | 2 mm (0.08")                                                             |
| Jacket Material       | Low smoke zero halogen (LSZH)                                            |
| Jacket Color          | Rose                                                                     |
| Wavelength            | 850/1300 nm                                                              |

|                               |                                    |
|-------------------------------|------------------------------------|
| Return Loss                   | $\geq 35$ dB                       |
| Repeatability                 | $\leq 0.1$ dB                      |
| Durability                    | $\leq 0.2$ dB (1,000 times mating) |
| Ambient Operating Temperature | -40 to 75° C (-40 to 167° F)       |
