Streamvault SV-2000E

Turnkey security appliance

The Streamvault™ SV-2000E security appliance is a turnkey solution that lets you easily deploy a unified system combining video surveillance, access control, automatic license plate recognition and communications. It accelerates your project by delivering a secure appliance with Security Center pre-loaded.

Guaranteed performance

- up to **2480** Mbps total throughput
- up to **2000** readers
- up to **75** ALPR cameras
- up to **360** TB NLSAS storage

SV-2041E-R15

Key features

- Turnkey appliance with Genetec™ Security Center pre-installed
- Video surveillance-grade NLSAS storage with RAID 5, 6 or 10 configuration
- iDRAC9 Enterprise for local and remote server management
- Machine learning endpoint protection
- 5-year hardware warranty with Keep Your Hard Drive and next-business day on-site service

Benefits

Design with confidence – The SV-2000E appliance is delivers certified performance for a wide range of scenarios, so you know your system will meet your needs today and tomorrow.

Protect your security system – Streamvault appliances help you build a resilient security system that protects your data and operations. Our cyber security experts stay vigilant on evolving threats and help identify and address new vulnerabilities promptly.

Get up and running faster – The SV-2000E appliance is ready to install the moment you receive it. It shortens deployment time and standardizes processes across locations.

Applications

Education

Provide a safer environment for students and staff across your campus, or deploy the SV-2000E appliance as a centralized monitoring solution for multiple remote schools.

Transportation

Take advantage of advanced security capabilities, such as dyamic mapping and video analytics, and help your team efficiently monitor and respond to events across your terminal.

Retail

The SV-2000E appliance lets you standardize security processes across your entire chain. Augment video surveillance with ALPR and point-of-sale integration to make the most of your system.

Technical specifications

OS

Windows Server IoT 2025

Processor
SV-2041E-R4/R6S:
1x Intel® Xeon® E-2436
Passmark: 22,775
SV-2041E-R15:
1x Intel® Xeon® Silver 4416+ 2.0GHz
Passmark: 44,140

Memory
32GB DDR5

Ethernet
SV-2041-R4/R6S: 2x 1GbE RJ45
SV-2041-R15: 2x 1GbE RJ45, 2x 10/25GbE SFP28

Peripherals
1x USB 2.0 + 1x USB 3.0

Video output
1x VGA

Remote Management
iDRAC9 Enterprise

Performance
SV-2041E-R4/R6S: 930 Mbps / 300 cameras
SV-2041E-R15: 2480 Mbps / 800 cameras

Mechanical and environmental

Operating temperature
50°F to 95°F (10°C to 35°C)

Operating humidity
8 - 80% (non-condensing)

Expansion
SV-2041E-R4/R6S: 2x PCIe LP slots
SV-2041E-R15: Up to 2x PCIe LP slots

Cybersecurity

Endpoint protection
Arctic Wolf Aurora Protect machine learning antivirus

Hardened image
200+ security setting changed by default

Maintenance
Verified Windows updates
Connected services for Genetec software and device firmware updates

Storage

Drive type
Enterprise HDD (hot-swappable)

OS drive
SV-2041E-R4/R6S: 2x 480GB SSD RAID 1 (hot-swappable)
SV-2041E-R15: 2x 480GB M.2 NVMe RAID 1 (hot-swappable)

Available drive sizes

12TB, 16TB, 20, 24TB

RAID controller
SV-2041E-R4: H755 8GB NV cache
SV-2041E-R6S: H355
SV-2041E-R15: H755 8GB NV cache

Data RAID level
SV-2041E-R6S: RAID 1
SV-2041E-R4/R15: RAID 5 or 6, RAID 10 available as an option

Maximum data storage
SV-2041E-R4/R6S: 80TB (raw), 59.88TB (usable)
SV-2041E-R15: 360TB (raw); 311 TB (usable)

Warranty and support

Hardware warranty
5-year hardware warranty with Keep Your Drive and next business day on-site service

Security Center support
All general availability, restricted availabilty, and extended maintenance versions

Models

Model	Form factor	Bays	Dimensions (W x D x H)	Max weight	Power (100-240v)
SV-2041E-R4/R6S	1U	Up to 6x 2.5” Up to 4x 3.5”	19” x 20.43” x 1.685” (482mm x 518.82mm x 42.8mm)	29.17 lbs (13.23 kg)	2x 600W
SV-2041E-R15	2U	15	17.1” x 28.2” x 3.4” (434mm x 716mm x 87mm)	69.58 lbs (31.56 kg)	2x 1100W
