Streamvault SVA-100

Analytics-ready appliance

The Streamvault™ SVA-100 compact appliance lets you easily enhance your security system with KiwiVision™ Video Analytics. Its optimized design lets you apply more analytics streams to your video surveillance system, whether that is a single or multiple analytic stream per camera.

Guaranteed performance

- up to **20** KiwiVision Privacy Protector™ streams*
- up to **8** KiwiVision intrusion detector streams*

Key features

- Turnkey appliance optimized for video analytics applications
- Certified for a wide range of indoors and outdoors analytics scenarios
- 3-year hardware warranty with 1-year advance replacement

Benefits

Optimize performance – Instead of running analytics on recording appliances, the SVA-100 is designed to provide more analytics streams, all in a single compact appliance.

Protect your operations – The Streamvault SVA-100 can be easily deployed as an expansion appliance to your current security system, preventing disruptions to day-to-day operations.

Design with confidence – Adding analytics to your system can be challenging. That's why SVA-100 includes the Streamvault performance guarantee, and is certified in a wide range of indoors and outdoors scenarios.

Applications

Perimeter protection

Enhance security with unified intrusion and camera integrity analytics. Detect potential threats and unusual camera behavior instantly to help your operators focus on incidents.

Public space monitoring

The SVA-100 can be deployed with KiwiVision Privacy Protector™ to help you protect everyone's privacy and comply with regulations by anonymizing video feeds of public areas.

Business intelligence

Gain new insights into your operations with business intelligence analytics. The SVA-100 is the ideal appliance for use with Genetec Retail Sense™ and Genetec Airport Sense™.

* Performance varies based on parameters such as camera resolution, framerate and scene. Please refer to the KiwiVision Analytics performance calculator for more information.

Technical specifications

OS
Windows 10 IoT (value)

Processor
Intel® Core™ i5-7500T 3.30GHz

Memory
8 GB DDR4

OS drive
256 GB SSD

Ethernet
On-board 1Gb network adapter

Peripherals
6x USB 3.1
1x USB Type-C
2x 3.5 mm audio out jack

Display
2x DisplayPort
1x VGA

Mechanical and environmental

Power supply
External 65W

Energy efficiency
ENERGY STAR® qualified
EPEAT® Gold9 registered
Supports 24/7 operations

Operating temperature
50°F to 95°F (10°C to 35°C)

Operating humidity
8 - 90% (non-condensing)

Dimensions
6.9 in x 7.0 in x 1.3 in
(175 mm x 177 mm x 34 mm)

Weight
2.9lb (1.3kg)

Certifications
CE, FCC, UL, C-Tick, VCCI, KCC, BSMI,CSA, CCC, KSA

Warranty

Hardware
3-year warranty with 1-year advance replacement

Performance

Camera resolution	Privacy Protector streams	Intrusion Detector streams
VGA	20	8
720p	9	3

The number of streams supported depends on scene information. These numbers represent typical use cases. Please refer to the KiwiVision hardware calculator for more information.
