Software License Subscription

APC PowerChute Network Shutdown & EcoStruxure IT 1-Yr Node License

APC PowerChute Network Shutdown v4.x cluster node license with EcoStruxure IT cloud monitoring integration for 1 server / node (1-year subscription). Protects virtualized physical hosts with sequential graceful shutdown and cluster migration.

Electrical Specifications & Power Distribution

License Tier	PowerChute Network Shutdown v4.x	**Subscription Duration**	1 Year (Renewable)
Node Capacity	1 Monitored Physical Host / Server Node	**Delivery Format**	Electronic License Key (ESD)
Supported Platforms	VMware ESXi / vCenter, Hyper-V, Nutanix AHV	**Protocols**	SNMP v1/v3, TLS 1.3, HTTPS, SSH

Battery Runtime, Extended Packs & Communications

Cluster Migration	Automates live migration of virtual machines across cluster nodes	**Graceful Host Shutdown**	Sequential multi-OS graceful power-down scripts
Redundant UPS Support	Correlates redundant UPS events before triggering action	**EcoStruxure Integration**	Mobile push alerts and predictive health telemetry

Physical Dimensions, Mounting & Compliance

Form Factor	Software Virtual Appliance / OVF	**Host System Requirements**	1 vCPU, 2GB RAM, 10GB SSD Storage
Deployment	VMware OVA, Microsoft VHD, Linux daemon	**Centralized Management**	Single-pane HTML5 browser console
Compatibility	APC Smart-UPS SMX, SMT, SURT with AP9641	**Warranty / Support**	Includes 1 year Schneider 24x7 software support and patches

Compatible Accessories, Mounting Rails & Field Replacement Options

Part Number / SKU	Description	Category & Application
AP9641	APC UPS Network Management Card 3 (NMC3)	Host Monitoring Card
