EATON • Infrastructure Technical Submittal

SKU: IPM-MANAGE-1Y

Software License Subscription

Eaton Intelligent Power Manager (IPM) 2.0 Manage Edition - 1 Year

Eaton Intelligent Power Manager (IPM) 2.0 Manage tier 1-year software subscription license for up to 50 nodes. Delivers centralized enterprise power infrastructure monitoring, automated firmware mass deployment, configuration backup/restore, alarm correlation, and energy analytics across Eaton UPS, ePDU, and environmental sensors.

Electrical Specifications & Power Distribution

License Tier	IPM 2.0 Manage (Monitoring & Maintenance)	**Subscription Duration**	1 Year (Renewable)
Node Capacity	Up to 50 monitored power devices	**Delivery Format**	Electronic License Key (ESD)
Device Support	Eaton 5PX, 9PX, 93PM, ePDU G3, eATS, EMP Gen 2	**Management Protocols**	SNMP v1/v3, REST API, HTTPS, Syslog

Battery Runtime, Extended Packs & Communications

Mass Firmware Upgrade	Automated fleet firmware staging and push	**Configuration Management**	Bulk config backup, clone, and compliance auditing
Alarm & Event Logging	Centralized syslog forwarding and email/SMS alerts	**Energy Reporting**	PUE calculation, kWh tracking, and carbon footprint

Physical Dimensions, Mounting & Compliance

Form Factor	Software Virtual Appliance / OVF	**Host System Requirements**	2 vCPU, 4GB RAM, 20GB SSD Storage
Deployment	VMware OVA, Microsoft VHD, or Bare-Metal Linux ISO	**User Interface**	Modern HTML5 responsive dashboard
Security	Role-Based Access Control (RBAC), LDAP / Active Directory	**Warranty / Support**	Includes Eaton 24x7 technical support and upgrades

Compatible Accessories, Mounting Rails & Field Replacement Options

Part Number / SKU	Description	Category & Application
EMA004	Eaton ePDU G3 Managed 0U PDU	Monitored Distribution Node
EMPDT1H1C2	Eaton Environmental Monitoring Probe Gen 2	Monitored Sensor Node
