SKU: IPM-OPTIMIZE-1Y
Software License Subscription

Eaton Intelligent Power Manager (IPM) 2.0 Optimize License - 1 Year

Eaton Intelligent Power Manager (IPM) 2.0 Optimize tier 1-year software subscription license for up to 50 nodes. Enables automated VM migration (VMware vSphere vMotion, Microsoft Hyper-V Live Migration, Nutanix AHV), policy-based graceful shutdown, rack power cap automation, and business continuity during extended utility power outages.

Electrical Specifications & Power Distribution

License Tier	IPM 2.0 Optimize (Full Automation)	**Subscription Duration**	1 Year (Renewable)
Node Capacity	Up to 50 monitored power nodes / hosts	**Delivery Format**	Electronic License Key (ESD)
Supported Platforms	VMware ESXi / vCenter, Hyper-V, Nutanix, Red Hat KVM	**Management Protocols**	SNMP v1/v3, REST API, MQTT, SSH, HTTPS

Battery Runtime, Extended Packs & Communications

Automated VM Migration	Triggers vMotion / Live Migration before battery depletion	**Graceful Host Shutdown**	Sequential multi-OS graceful power-down scripts
Load Shedding	Automates non-critical load drop on ePDU and UPS groups	**Environmental Response**	Automates actions on high temperature or water alerts

Physical Dimensions, Mounting & Compliance

Form Factor	Software Virtual Appliance / OVF	**Host System Requirements**	2 vCPU, 4GB RAM, 20GB SSD Storage
Deployment	VMware OVA, Microsoft VHD, or Bare-Metal Linux ISO	**Centralized Management**	Single-pane HTML5 browser console
Supported Hardware	Eaton UPS, ePDU G3, eATS, Network-M2, third-party SNMP	**Warranty / Support**	Includes Eaton 24x7 software support and updates

Compatible Accessories, Mounting Rails & Field Replacement Options

Part Number / SKU	Description	Category & Application
NETWORK-M2	Eaton Gigabit Network Card	Host SNMP / REST Interface
5PX2000RTNG2	Eaton 5PX 2000VA UPS with Network Card	Monitored Power Node
